

ASM collection

Application Specific Messages

History

- First collection
 - Dr. Lee Alexander
 - Dr. Kurt Schwehr
- Acquiring the data
 - Submission form

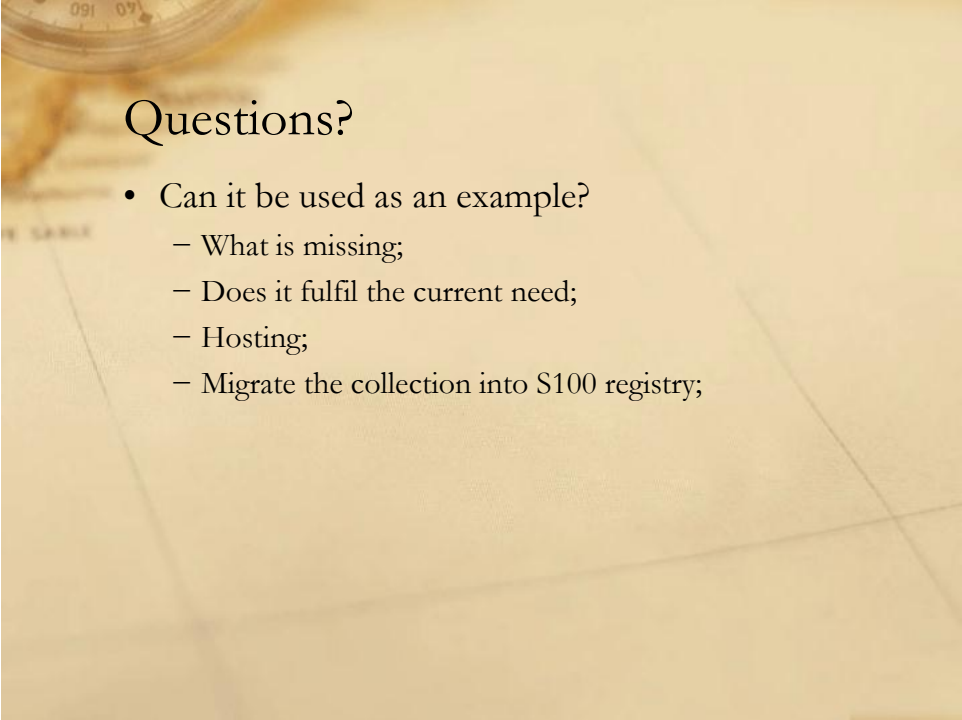

Possible new collection

- Reason;
- Need for the registry

Demo

- www.e-navigation.nl

Questions?

- Can it be used as an example?
 - What is missing;
 - Does it fulfil the current need;
 - Hosting;
 - Migrate the collection into S100 registry;

Questions?

- Must we fill in all the ASM's
 - World wide (IMO Circ.236 and IMO Circ.289)
 - Region/local specific
- Who is responsible?
 - User rights;
 - Workflow (how is a new ASM developed and agreed on);
 - Presentation (portrayal);

Questions?

- Procedures/recommendations
 - Reuse of ASM?
 - NCA must permit to use ASM's?
 - VDL load

Technical

- OS: Redhat
- CMS: Drupal 6.x
- Currently hosted at the Dutch administration located in Dordrecht the Netherlands
